Dispute Over Civil Rights May Delay Adjournment

HOFFA'S BACKGROUND AND POLICE RECORD ARE SUBJECTS OF SENATE INVESTIGATION

Washington (AP)—James R. Hoffa acknowledged today he once returned more than \$7,500 to some grocers after he had been charged with extortion.

But Hoffa protested to the Senate Rackets Investigating Committee that the charge had been reduced to a misdemeanor, and contended the matter was being put in an unfair light in its presentation at the committee's hearings.

The 44-year-old Hoffa was brought to the stand as the culmination of three weeks of hearings into charges that he placed racketeers in key New York Teamsters unions posts to capture union political control of the area for Hoffa.

Arab Nations Alarmed Over Syria's Plight

By WARREN ROGERS JR.

Washington (AP)—American diplomats in the Middle East are trying to impress on Arab nations the danger of Syria becoming a Soviet satellite.

Officials said, without elaboration, there was evidence already that Syria's neighbors were gravely concerned.

These officials expected other Arab countries to counsel Syria's government against drifting any closer toward Kremlin domination.

U. S. officials were adding support, authorities said, to this counsel in talks with Arab diplomats in Jordan and even Egypt, which itself is closely involved with Moscow through heavy arms purchases.

Possible action by the Arab League was not ruled out. Nor was it considered beyond possibility that Egypt's president Nasser might throw his weight into the breach opened by the Communists in the Arab position against undue influence from either East or West.

Nasser has ample opportunity to do this, it is believed, in Syria's President Shukri Kuwattli is in Egypt to consult with Nasser and (Turn to Page Twelve)

No Asiatic Flu in Pennsylvania Says Medical Association

University Park, (AP)—A committee of the State Medical Society has concluded that so far Pennsylvania has not experienced an epidemic of Asiatic influenza.

"The most important thing is for the people not to become alarmed," said the committee chairman, Dr. Pascal F. Lucchesi of Philadelphia, after the organization's Preventive Medicine and Public Health Committee met yesterday. It considered the situation at a meeting during opening day activities of the 6th annual State Health Conference for Public Health workers.

"As of today we do not feel there is an epidemic of Asiatic flu in Pennsylvania," said Dr. Elmer G. Shellep of Northeast, society president.

Dr. Shelley recommended that special priority groups should be given the vaccine as soon as it becomes available. He suggested the designation of priority groups should be made by the U. S. Public Health Service.

Cinderling Crews at Work in Elk County

St. Marys, (AP)—If you happen to be in the St. Marys area and see cinders scattered on a road, don't be surprised. For the second time this month, State Highway Dept. workers were forced to scatter cinders on a slippery clay road in nearby Benning Twp. yesterday. The road becomes slippery after a rain.

In some instances motorists and truckers had to use chains to keep going. The road is being used as a detour during repair work on one of St. Mary's main streets.

Court's Ruling Curbs Defense in Libel Trial

By JACK LEFLER

Los Angeles (AP)—Defense plans to send a long procession of movie stars across the witness stand in the criminal libel trial of Confidential and Whisper magazines have been wiped out.

Judge Herbert V. Walker ruled yesterday that testimony could be introduced only concerning magazine stories already read into the record of the trial.

Judge Walter said this means that defense attorney Arthur J. Crowley cannot carry out his intention of calling upwards of 150 celebrities as witnesses. Crowley had said he planned to ask them if stories about them in the magazine are true.

The ruling came on a day which produced these other developments:

1. Former theater employee James Craig reiterated his testimony that actress Maureen O'Hara and a Latin American made ardent love in the back row of a Hollywood theatre.

2. Miss O'Hara produced her passport at a news conference to prove that she was in Europe when the theatre incident was alleged to have occurred. And she increased her damage suit against Confidential over the story from one to five million dollars.

3. Daniel Ross, New York attorney who passes on stories for Confidential and Whisper, testified he did not consider the O'Hara and Dorothy Dandridge stories obscene.

4. Judge Walker refused to permit the defense to introduce testimony about lie detector tests taken by Mrs. Marjorie Meade, one of the defendants, and Craig during the weekend.

Bedford Man Takes Over As Head Of Penna. B. P. O. E.

Pittsburgh, (AP)—A Bedford County man will be installed tomorrow as president of the Pennsylvania State Elks Assn.

John S. Buchanan, of Everett, was elected president yesterday at the association's 51st annual meeting here. Buchanan, a sales executive with Gulf Oil Corp., succeeds Lewis Heisey of Elizabethtown.

Other officers elected yesterday were Paul Seeders, Posttown, vice president; Wilbur G. Warner, Lehigh, secretary; W. E. Whitaker, Kittanning, treasurer; and Boyd Adams, Butler, trustee.

Warner succeeds William S. Gould of Scranton who is retiring as secretary after 41 years in the post.

H. L. Blackledge, Grand Exalted Ruler of the national group, told some 2,000 delegates that the Elks would continue a crusade to provide young people with wholesome forms of activities.

In a state chorus competition last night, the Butler lodge edged Titusville 94 8/9 to 93 3/4.

School Fire Kiddies At Uniontown Don't Enjoy

Uniontown, (AP)—Forty children who attended classes last year at Continental No. 2 school last year didn't enjoy watching it burn yesterday. School officials announced some time ago they wouldn't use it this year anyway.

Fire of undetermined origin caused about 4,000 damage to the structure, located five miles west of Uniontown. Some 50 volunteer firemen fought the blaze and one, Harold McCormick, 28, of Collier, was injured. McCormick suffered a severe wrist laceration.

IKE HOPEFUL AID CUT WILL BE RESTORED

Washington, (AP)—Sen. Knowland (R-Calif.) described President Eisenhower today as "quite hopeful" that the Senate will restore a good part of the \$809,000,000 foreign aid cut voted by the House.

The President's attitude was reported by the Senate Republican leader after he and other key GOP congress members held their regular Tuesday morning session with the President.

The meeting came as the Senate Appropriations Committee made ready to decide whether to heed the administration's request for restoration of the foreign aid funds.

At a news conference, Knowland said Eisenhower regards it as highly important that the money be put back in the appropriation bill.

Knowland said his personal opinion is that the Senate probably will not restore the full cut voted by the House "but we are hopeful" that the House figure will be considerably increased.

Knowland said there was no discussion at today's conference of Eisenhower calling a special session of Congress.

The President himself raised that possibility last week. Knowland said today, however, that Eisenhower at that time had made it clear a decision regarding a special session would be "contingent on world condition as well as on the amount of appropriations" for foreign aid finally voted by Congress at this session.

The big test was due in the Senate Appropriations Committee which arranged a closed-door meeting to consider the aid bill.

It appeared the group was closely divided on the question of increasing the House figure of 2 1/2 billion dollars in new foreign aid money.

Man With Friendly Smile Finally Wins Court Case

Los Angeles, (AP)—Roy J. (Rusty) Burrell, 31, a bailiff, will be known around the courthouse from now on as the man whose smiles cause mistrials.

Rusty won \$2,091 in damages yesterday for injuries he and his wife Clara suffered in an auto accident last year. But not before Rusty's broad grin caused two mistrials.

Defense counsel called it "a knowing smile" when Rusty's face lit up during questioning of a prospective juror. So the jury was dismissed. Then when Rusty smiled friendly like at the judge, under whom he had served briefly as bailiff, defense counsel again protested. Jury again dismissed.

So the case was transferred to another judge. This time Rusty kept a straight face and won.

Policeman Is Attacked By Man and Boy With Ax

Pittsburgh, (AP)—A 59-year-old Moon Twp. man and his 23-year-old son are in Allegheny County Jail today on charges of attacking a policeman with an ax.

John Carrington was charged with intent to kill, and his son, Thomas, was charged with assault and battery.

Corapolis Police Chief John J. Brush said Carrington attacked Patrolman Donald Fingerhut with an ax last Saturday. He said Fingerhut had gone to the Carrington home to warn young Carrington about driving his car at high rates of speed.

Brush said the elder Carrington became angry and attacked the policeman with an ax, wounding him on the elbow and face. Fingerhut is in good condition in Sewickley Valley Hospital.

Dormont Youth Found Shot With Gift Weapon

Pittsburgh, (AP)—A 16-year-old suburban Dormont youth was found shot to death yesterday with a revolver given him by a relative.

The boy, Robert F. Holzer, had sustained a wound in the face. His body was discovered by his father, Edward, who had been working. The youth's mother and brother also were away at the time of the shooting.

The coroner's office and police said the shooting apparently was a tragic accident but that an investigation will be continued.

Winner of National Soap Box Derby

Many Warren viewers of Dave Garroway's TV show this morning had a chance to see first hand what an All-American Soap Box Derby Champion looked like as Terry Townsend, 14, of Anderson, Ind., appeared along with his racer. Frank Burgett of Lander, Times Publishing Company entry in the 20th annual sweepstakes, had a heat time only fractions of a second behind the winning time of Terry. Above, winner Townsend waves from the champion's stand, while other participants stand in background. Official Derby Photo.

Strike Halts Milk Deliveries In The Metropolitan Area

New York, (AP)—Teamsters Union tank truck drivers went on strike last night, crippling delivery of the bulk of the metropolitan area's raw milk supply.

Employers estimated that the 1,150 striking truck drivers haul 95 per cent of the raw milk later processed for the area's 12 million customers. Union sources estimated it to be 75 per cent.

The strikers haul milk in tank trucks and box trucks from upstate New York dairy farms to distribution and processing plants in the Hudson Valley area and New York City.

The strike's full effect may not be felt for two or three days since some milk already is in processing plants and many households have a supply.

Spokesmen for two dairymen's groups said milk farmers were "innocent victims" of the strike and it would cost them a million dollars daily.

Negotiations broke up after union and management representatives reached an impasse.

The Teamsters are seeking a reduction in the work week from 48 to 40 hours plus an 8 1/2-cent hourly wage-boost over a year period.

Interesting Story of Frank Burgett's Adventure in Skill And Sportsmanship at Akron

By MARY HANLAND

Tired, but extremely happy, Frank Burgett, Warren County's entrant in the All-American Soap Box Derby, returned home last night with his proud parents, Mr. and Mrs. F. Wendell Burgett of Lander, Pennsylvania—a champion in his own right. Frank, who had worked hard for months building his racer to enter in Warren County's second annual Soap Box Derby, last June 29, copped the title of local champ, and went on to compete Sunday afternoon, August 18, with 161 other champs from all over the world, in the Anniversary Event—the 20th running of the All-American Classic at Derby Downs in Akron, Ohio, which eliminated all his devoted work. A crowd estimated at 70,000, the largest in the history of Derby Downs, was on hand to cheer the champ.

Some 60 Warrenites on hand at the race sent up a rousing cheer from the grandstands, as Heat No. 7 of the first round elimination was announced. Here Frank Burgett, driving maroon car 149, bearing the familiar words Warren Times-Mirror, appeared in Lane 1 with Wayne Temme of Evansville, Indiana, Lane 2 and George Vail of Lawrenceburg, Indiana Lane 3. The winning time was 27.78 copped by Temme, who nosed Burgett out by a slight margin and went on to place 5th place trophy award.

Warren County was especially proud of its entrant, the sandy-haired, freckle faced modest lad from Lander, who arrived at Derby Downs at noon, Thursday, August 15, and was shown a royal time during a whirlwind of action filled events leading up to the Big Moment race time, Sunday. Although he didn't bring home an official award, Frank was presented with numerous gifts. From the Chevrolet Motor Division, handsome 17 Jewel Elgin wrist watch with special Soap Box Derby inscription, and a racing diploma awarded at the Banquet of Champions. A pair of famous Levis—presented by Levi Strauss and Company. A special congratulations letter from Pres. Eisenhower and in addition, Frank will keep his racing helmet, racing shirt and city flag as mementos of the great day.

Frank remarked that each boy was made an honorary citizen of Akron, and received a token of esteem to this effect, and many out of state boys presented special souvenirs from the respective states to the champs. Of course, for Frank, his skill and daring plus the hard work required for entry in this event, will serve him in good stead for the rest of his life.

Frank returned home with the spirit of good sportsmanship which, according to our great American tradition, coupled with (Turn to Page Twelve),

Riddle of Who Was Driving Death Car Is Still Unsolved

The riddle of who was driving the death car which crashed west of Youngsville early Saturday remained unsolved today as Miss Barbara Ann Roseman, 17, of Titusville continued in a coma.

Her companion, 19-year-old Janet Mae Moore, also of Titusville, was instantly killed when the car crashed into a bridge abutment in dense fog on Route 6 about one-half mile west of Youngsville.

Both girls were returning from a shopping trip to Jamestown where they bought shoes, formal and swimming suits for Miss Crawford County Queen Contest in which both were contestants.

The car was owned by the dead girl who was found lying on the (Turn to Page Twelve)

Air Force Major Riding Huge Balloon Aims at New Record

Crosby, Minn. (AP)—"I have a ringside view of the heavens—it is indescribable."

This was the terse message early today from an Air Force major riding a huge plastic balloon toward a possible new altitude mark for such craft after setting a 109,000-foot record, about 19 miles, yesterday in his first 15 hours aloft.

Dr. David G. Simons said by radio the night heavens ranged from deep violet to jet black and that he had an excellent view of the Aurora Borealis.

The giant polyethylene bag, 280 feet long and 200 in diameter, was launched from a 450-foot-deep mine pit here at 9:30 a. m. yesterday.

COMPROMISE ON MEASURE IS DOUBTFUL

Washington (AP)—Sen. Knowland (R-Calif.) said today adjournment of Congress may be delayed until sometime next month because of the squabble over civil rights legislation.

Congressional leaders previously had talked of winding up this session no later than the end of the month.

Knowland, the Senate minority leader, expressed his views at the White House after he and other GOP congressional leaders had held their regular conference with President Eisenhower.

House Republican Leader Martin of Massachusetts said he is "not averse to a compromise" on civil rights so long as any such move "would strengthen the civil rights bill passed by the Senate."

Eisenhower has sharply criticized the Senate version. The bill approved by the House follows administration recommendations.

Although Martin spoke of willingness to compromise, he said in response to a question that he is not willing to accept a compromise suggested by Rep. Celler (D-NY).

The Senate added to the House bill a requirement for jury trials in all federal contempt of court cases. Eisenhower has singled out that provision for criticism, saying it would tend to weaken the courts.

Celler has proposed to limit the jury trial amendment to cases which involve voting rights.

The civil rights bill is now studied in the House Rules Committee, but a group of Northern Democrats has moved to put it before the House for action.

Levittown Under Police Protection In Race Disorder

Levittown, (AP)—A Negro family moved into this all-white community under police protection yesterday. Some residents greeted their arrival with jeers and stone throwing.

"All I want to do is be a good neighbor and I hope others do the same," said William J. Myers, 34, in his new ranch-style home.

Last night, 42 state policemen were busy keeping some 250 protesting neighbors in this sprawling development of 15,000 homes pushed back two blocks from Myers' home.

Rocks were hurled and a trooper and a news photographer were struck.

The college-educated Negro told reporters he paid \$12,500 for his home, buying it from previous owners who had rented out the house for some time.

He declined to say what his income is as a refrigeration mechanic in nearby Trenton, N. J.

DUMP TRUCK VICTIM

New Castle, (AP)—Lorenzo Grove, 30, of New Castle was killed yesterday by a dump truck that overturned. Police said Grove was hauling a load of dirt to a construction job and his vehicle had mechanical failure. Grove got out and was trying to make repairs when the truck began rolling and then upset.

The college-educated Negro told reporters he paid \$12,500 for his home, buying it from previous owners who had rented out the house for some time.

Goal of \$74,085 Adopted for 1957 Community Chest Drive

Publicity release from Community Chest Headquarters: A goal of \$74,085 has been adopted by the Warren Community Chest for its 1957 campaign on behalf of ten member agencies. This 11th time high goal and the campaign dates of October 14 to October 21 were established yesterday afternoon at a meeting of the Chest board of directors.

The figure, 11% higher than last year's goal of \$66,500, was adopted by the directors on recommendation of the Community Chest Budget Committee which for more than ten months has been meeting with Chest agencies and studying the needs of each organization.

Byron W. Knapp, budget committee chairman, told the Board that most of the Chest agencies required additional funds to carry on expanded services in the area and to meet steadily mounting operating costs. Before arriving at its recommendation, the budget committee made a study of actual costs and requirements for each participating agency.

The ten organizations who share in the Community Chest are: Boy Scouts Child Health Center; Children's Aid Society; Girl Scouts; Salvation Army; Warren Relief Association; Warren Visiting Nursing Association; Y.M.C.A.; Y.W.C.A. and United Defense Fund (U.S.O.).

The directors also heard an analysis of Community Chest campaigns for the past five years showing trends in local giving and revealing areas where improvement could be expected this year.

The 1957 Community Chest Board of directors includes: Marion E. Pettigrew, president; Byron W. Knapp, 1st vice president; Chester S. Allen, 2nd vice president; N. D. Paterson, treasurer; W. E. Yeager, secretary; K. Earl Abel, Jr.; Paul E. Harrington; James H. Frantz; A. L. Rasmussen; R. J. Reed; Robert O. Wilder; Robert E. Dunham; Howard Lauffenberger; Holger N. Elmquist; and Mrs. Harold Baker.

Budget committee members were Messrs: Knapp, Elmquist, Harrington, and Dunham.

competition, brings out the best in each citizen.

Frank declared that the banquet of Champions was even more colorful than the race itself. He was lucky enough to sit near the speaker's table and wholeheartedly enjoyed seeing and hearing his good friends, Roy Rogers, Dale Evans, Dinah Shore and George Montgomery and Jimmy Stewart. Ohio's Gov. O'Neill was on hand to greet the champs and Frank said that during the four day stay, they were never without a complete police escort and the Sheriff's car.

Frank, at the age of 14, marked this as the most wonderful day of his life, and when asked what he would say to future Soap Box Derby entrants, Frank's reply was, "I'd tell them to build to win."

"Work hard, construct a car you think will win and then improve on it many times over." "Never give up, and even though you don't bring back one of the official prizes, you come back with the satisfaction that you tried your very best and you are proud to have been associated with the Derby, and its many wonderful persons and good friends who made this event possible."

Frank had the right idea for from the distribution of entry blanks to the championship heat in the All-American Soap Box Derby exemplifies the spirit of co-operation in an event dedicated to the youth of America sponsored by the Chevrolet Motor Division, America's leading newspapers and fraternal groups.

In Warren, Frank thanks the Jaycee Derby Committeemen, Dan Dodge of Dan's Chevrolet, and especially the Times-Mirror for their part in making his four-day stay in Akron, Ohio the kind of day you never forget. Administrator of Port Of Erie Rotary Speaker

With the opening of the St. Lawrence Seaway, shipping through Erie will be the most economical means of ocean shipping, according to Joseph Martin, administrator of the Port Commission at Erie.

Speaking before the Warren Rotary Club, Mr. Martin stated that the port authority has acquired a dock, and it will be ready for 27 foot draft ocean going boats by the April 1, 1959 opening date of the Seaway. No one can quote rates until tolls are established, he noted. He admonished that Pennsylvanians have a vested interest in shipping through Erie, since part of the cost is being met by a state appropriation.

The next meeting of the Rotary club will be on Wednesday, August 28; a joint meeting with the Kiwans and Lions clubs. There will be no meeting on Labor Day, September 2.

Directors and their wives will meet Thursday, August 22 at Howard Alexander's farm, for a dinner meeting.

Suspect in the Costello Shooting Is Arraigned

New York (AP)—A pudgy former boxer and small-time gambler faces arraignment today in Felony Court on a charge of attempted murder in the May 2 shooting of racketeer Frank Costello.

Vincent L. (The Chin) Gigante, 29, was charged last night, seven hours after he surrendered voluntarily at a police station. He was held overnight.

He had been sought by police because he roughly fits the description of a "fat man" placed at the scene of the assassination attempt nearly four months ago.

The shooting suspect was described as a 235-or 254-pounder, 30 to 35 years old, six feet tall, with heavy thighs and a pot belly, who wears a size 50 suit and waddles when he walks.

Gigante is 5 feet 11 and weighs 215 pounds.

Costello suffered a superficial head wound in the bungled assassination attempt.

Knowland Set to Run For Gubernatorial Seat

By JACK BELL

Washington (AP)—Friends say Sen. Knowland (R-Calif) is all set to accept the challenge of Gov. Goodwin J. Knight to fight it out in next year's primary for the Republican nomination for governor of California.

Knowland was outwardly unperturbed by Knight's announcement in Sacramento yesterday that he is a candidate for renomination. Knowland also registered no public reaction to Knight's blast at those who Knight said would use the state office as a "pawn in the presidential contest." This remark was interpreted as aimed mainly at Knowland.

whether he had given Eisenhower any indication of when Congress might be able to adjourn.

Knowland replied that he doesn't "see how we can get out of here before the end of next week" in any event. He added there would have to be "some satisfactory breaks" in the civil rights situation "to get out of here by Aug. 31."

Then he went on to say that how long it might be necessary for Congress to stay on beyond Sept. 1 depends on what happens in the civil rights picture.

Martin said he would be willing to put off final congressional action until next year rather than accept the Senate version.

In discussing the possibility of compromise, Martin said he has seen no move in that direction "by these Southern-led Northern liberals." He declined to elaborate on that remark.

Letter From Our Community Ambassador in Switzerland

August 14

Dear Friends:

Saturday evening, August 10, we arrived in Basel after an eventful 18-day trip through Switzerland.

I must admit that my first and only thought at that time was to sit for hours in a tub of hot water (a substance with which I had had no contact for the last fifteen days). It is really

amazing, though, how clean one can keep with only water from cold mountain springs. When this luxury had been sufficiently enjoyed, I started to review the events of the last weeks and found them so varied and complete that I can only hint at them in a letter and must wait to fill in the details when I can speak to you in Warren.

Switzerland, as you know, is a

very small country, about twice the size of Massachusetts, and therefore in a period of eighteen days it is possible for one to get a good cross-section of her life. I have heard the statement several times that there are no typical Swiss and am beginning to believe this to be true. The country is divided into four major sections according to the language spoken. In the north and east it is German, French in the southwest, Italian in the south, and an old language derived from Latin called Romansch in some valleys in the southeast. In the Swiss parliament chambers there is a system of simultaneous interpretation, such as in the U. N., where one can listen to the discussion in any of three languages. Romansch is not used in parliament. Besides its four official languages there are over one hundred special dialects spoken here making it possible for a Swiss to locate the home of a fellow citizen within a radius of 30 miles, simply by the way he speaks. While we were in Bristen it was most difficult for our Swiss friends to understand the people. When they spoke directly to them they used good German (which is the language used in the schools, newspapers and public announcements in the German-speaking sections), but when the natives spoke among themselves our friends did not know what they were speaking. For this reason, most educated people (and most of the people are educated) speak four tongues, German, French, English and their own dialect, and many have added Italian to this list.

As the language changes so do the customs, architecture, and terrain. Industriousness, orderliness, cleanliness are the characteristics of the north. The Swiss have been left very little in the way of natural resources, except the incomparable beauty of the Alps and great sources of hydroelectric power; therefore everything they possess they have worked hard to obtain. The German-Swiss has little time for daydreaming, he has a very concrete outlook on life. In the French-speaking section the dress of the people becomes less conservative and the general public much more carefree. One notices immediately the absence of tidy window boxes and appearance of wrought iron balconies on the homes. The Italian-speaking section is like another land. The climate is similar to that along the Mediterranean, the vegetation is thick and palm trees are predominant. Here the buildings show the ornate Baroque style with painted walls and guild-

ed trimmings inside and out. The youth hostel where we stayed in Lugano had at one time been an old family home. The dining room had a palm tree painted in each corner, birds flying in a blue ceiling, goldfish swimming in a pond over the buffet, and gentlefolk walking in a formal garden on all four walls.

Despite their racial and linguistic differences, the people are deeply united in the love of their soil and a great pride in their cultural heritage as the world's oldest republic.

Adieu from Switzerland.

"AD" LAUDS SOAP BOX DERBY

Included in the nationwide publicity that Warren received in connection with the participation of Frank Burgett, county champion, at the annual Soap Box Derby in Akron, Ohio, was mention of The Times-Mirror in a page advertisement that appeared in the Akron Beacon-Journal.

A copy of the ad received from W. G. Power, advertising manager of Chevrolet Motor Division, Akron, Ohio, says: "As one of the co-sponsors of the Soap Box Derby, we felt you would be interested in the attached tear-sheet of an advertisement from the August 16 edition of the Beacon-Journal. This advertisement promotes the 20th Anniversary All-American Soap Box Derby and gives strong recognition to you and the other public-spirited co-sponsors of the Derby."

"Because of the backing from organizations like yours, many boys from all over the nation have been given firsthand experience in sportsmanship, craftsmanship, honesty and hard competition through the Soap Box Derby Program. By helping to start these boys 'Headed In The Right Direction,' you've rendered a valuable service to American boys and to the nation—you've taken an active part in fitting the youth of today for tomorrow's responsibilities."

"It's a great pleasure for us at Chevrolet to be associated with you in the Soap Box Derby Program, and we felt that you might like to see this recognition of our association, which is publicized in the attached advertisement."

Needless to say The Times-Mirror publishers and staff are happy to have a small part in helping to promote the project both in Warren and Akron. Our appreciation is extended to Dan's Chevrolet and the Warren Jaycees, co-sponsors, and of course young Frank Burgett, of Lander, Warren county champion, who proved a fine competitor and wonderful Goodwill Ambassador at the All-American Derby.

Matter Of Fact:

Ugly Situation

By STEWART ALSOP

Washington—It begins to look as though an old prophecy by President Eisenhower is belatedly coming true. In 1954, the President warned that the election of a Democratic Congress would result in "uncertainty, confusion, and divided responsibility."

In fact, until rather recently, the President has lived rather more happily with the Democratic 84th and 85th Congresses than he did with the Republican 83rd Congress. But that is no longer so. As the President's desperate threat to call a special session to save his foreign aid program suggests, the present relationship between Congress and the White House is indeed one of uncertainty, confusion, and divided responsibility.

There are a lot of reasons for this. But the most important reason is the present mood of the Democrats in Congress. By and large, they are disgruntled, fed up, frustrated, and enraged. Three examples will serve to suggest why this is so.

Take, as example number one, the case of Democratic Majority Leader Lyndon Johnson. Last year, Johnson almost single-handedly saved the President's foreign aid program. His own vote on the Appropriation Committee provided a majority of one for the President's program, and thereafter Johnson worked his special magic to swing nine votes the President's way.

Johnson is exceedingly unlikely to do the same thing again. He is genuinely convinced that the civil rights bill, passed by the Senate largely as a result of his own Herculean efforts, is a good and fair bill. He is equally convinced that the Administration has adopted the strategy of prolonging the civil rights battle in order to make political hay out of the issue in 1958. In the circumstances, as one of Johnson's friends put it, "Why in the devil should Lyndon stick his neck out for Ike?"

As example number two, take the sad case of Sen. Richard Neuberger of Oregon. Neuberger is a leftwing Democrat from a normally Republican state, which makes his political position touchy to begin with. He is also an internationalist, and he has consistently supported the President on such matters as foreign aid, reciprocal trade, the U. S. Information Agency, and defense appropriations.

According to the Congressional Quarterly, Neuberger has supported the President on thirteen out of seventeen key issues on which the President has taken a stand. This is one of the highest records of Presidential support in the Senate. And what is Neuberger's record? Using the Congressional Quarterly statistics, Oregon's Republican State Chairman, James Short, attacks Neuberger for his "appalling" record of "disregard for the demands of the people for economy."

Neuberger has sent an anguished protest to Republican National Chairman Meade Adams, but the protest seems unlikely to do him much good. At any rate, Neuberger's sad story is by no means unusual, and the moral is not lost on the Democrats: Support the President on issues like foreign aid, and get your teeth kicked by the Republicans back home.

Poland, 1957 --- The Right To Strike

Here and There

It will interest many in the Warren area to learn that the Erie Diocese of the Roman Catholic church has announced preliminary plans for new high schools in nine western Pennsylvania communities. An article by Archbishop John Mark Gannon in the current "Lake Shore Visitor Register," official publication of the 13-county Diocese, says the schools are planned for Meadville, Oil City, Sharon, Bradford, St. Marys, Punxsutawney, Clearfield, DuBois and Greenville. Cost of the program was not made public. There was no indication when construction will be started or when the project will be finished. Archbishop Gannon said one of the purposes of the program is to give Roman Catholic children an opportunity to attend Catholic schools through all 12 of their school years. Part of the money for the project will be raised through a fund campaign in all Diocese parishes.

Attached to a wall in the window of Warren Water Company, 231 Pennsylvania Avenue west, is

a water facet with water running freely. What's so great about that? Well, holding the facet to the wall is a FLAT piece of metal—with no pipes whatsoever connected to the facet. A sign situated nearby reads, "Do you know where this water comes from?" Sure as heck we don't! If you chance to pass by, try and puzzle it out—for the first one to figure out the correct answer, we'll give you an ice-cold glass of water!

One boy who will not soon forget his visit to the All-American Soap Box Derby Sunday is young eight-year-old Scotty Saylor, who accompanied his father and mother Mr. and Mrs. Sparky Saylor to Akron, Ohio Sunday. Scotty's dad Sparky is Times-Mirror photographer, and it is not surprising that the Clarendon Heights had had the rare opportunity to shake hands with such notables as the popular western star Roy Rogers and wife Dale Evans. The Saylor family also stayed at the same hotel and mingled with other stars like Jimmy Stewart and Dinah Shore.

Gluck's Post in Ceylon Is Far From 'Political Plum'

BY DOUGLAS LARSEN
NEA Staff Correspondent

WASHINGTON (NEA)—The donnybrook over the appointment of Maxwell H. Gluck as U.S. ambassador to Ceylon reveals that somebody is pulling somebody's leg.

Senate Democrats charge that Gluck bought his "political plum" with a \$30,000 contribution to the Republican party.

When asked at a press conference if this was true, President Eisenhower got pretty huffy about it. He said that he knew Gluck was a darn good businessman, but didn't know about any contributions.

In the first place, the difficult working conditions which Gluck faces for the next few years in steaming Colombo, Ceylon, do not make the job a political plum by any stretch of the imagination.

In the second place, it's true that he did buy this job for \$30,000, then he's not the good businessman Ike thinks he is.

Mostly because of the oppressive, unrelieved heat of Colombo, the State Department rates it a hardship post. This gets the undermanned staff there extra pay. But the ambassador does not receive this bonus.

COLOMBO IS A DRAB port city. It has a few interesting sights and places. But the city has none of the excitement and gaiety of many other large Far East cities.

The American colony there is small, consisting of a few businessmen. The diplomatic colony is unexciting and composed of second-level careerists from other countries who are checking the days off until their transfers come through.

The official residence of the Glucks is comfortable and adequate. But it contains none of the special conveniences they enjoyed in their sleek New York City apartment. Only two bedrooms of the residence are air-conditioned.

THERE ARE NO HUGE problems for Gluck to tackle when he arrives at Colombo to take over. The basic instruction he has received from the State Department is to try to keep relations with the Ceylonese government on a friendly, even keel. But he could run into serious trouble.

Ceylon is strategically located in terms of the cold war, so there's the constant threat of Russian subversion and propaganda to watch. And this chore is going to be more demanding from now on.

Russia opened a new embassy in Colombo a few weeks ago. This move invariably signals the start of a Red offensive of some sort in a country. Whatever the Soviets plan to do from this new base of operation it will not make Gluck's chores easier.

Then, of course, Gluck will be starting with the whole rhubarb over his appointment hanging over his head to embarrass him. The fact that the whole world knows that he was ignorant of the name of the Ceylon prime minister (S. W. R. D. Bandaranaike) when quizzed by a Senate committee is a strike against him.

EVEN IF THE GLUCKS find some spare time, they will discover that Ceylon has only limited facilities for recreation. The mountain fishing near the resort of Nuwara Eliya is good. There are some good golf courses nearby. But that's about the end of it.

A certain individual in the Glade Volunteer Fire Department is keeping an anxious eye on the weather forecasts these days and hopeful that some Times-Mirror reader will come to his rescue before the next rainstorm or fire call. It seems the gentleman in question lost his raincoat during the Jaycee Mardi Gras water battle at Beatty Field and is still awaiting some word concerning its whereabouts. A call to Richard Hedman, 5615-J-1, or any other member of the department will be greatly appreciated.

The rapidly-expanding State Highway system will grow to 41,607 miles next January. A dispatch from Harrisburg quotes the State Highway Department officials as saying new laws added 209 miles of township, borough and city roads to the list of highways that will be maintained by the Commonwealth in the future.

Deaf Man Perfects Cordless Hearing Aid

Worn Entirely on One Ear

PEORIA, ILL. (Special)—H. A. Lyons, who himself has been hard of hearing for over 25 years, today announced the perfection of a miniature electric hearing aid that is so small it is all worn on one ear. It weighs but a fraction of an ounce and can be slipped on and off easier than a pair of eye glasses. Wearer gets all-directional pick-up and normal use of telephone. There is no clothing interference because it is worn at the ear, which is the natural way to hear.

Since the aid is tiny and is worn tucked behind the ear, it is practically invisible. Mr. Lyons stated that, although it is powerful enough to fit the most severe hearing loss, it can also be adjusted for the millions of slightly hard of hearing who feel they are not deaf enough to bother with the more cumbersome aids.

It is suggested, if interested for yourself or a friend, to write to Tonemaster Manufacturing Company, 128 South Monroe Street, Dept. B-1, Peoria, Illinois, and he will be glad to send information at no cost or obligation to you.—Adv.

MRS. DAVID SUTTON

—Stokes Studio

Miss Nancy Dalrymple, daughter of Mr. and Mrs. Donald D. Dalrymple of North Warren, and David Sutton, son of Mr. and Mrs. James E. Sutton, of Beirut, Lebanon, were married at 2:30 p. m. August 17, at Hurlbut Memorial church at Chautauque, N. Y.

The Rev. Robert C. Knapp, of North Warren Presbyterian church performed the double ring ceremony following organ music provided by Robert Woodside.

Mr. Dalrymple escorted his daughter, who was attired in ballerina length white lace, styled on princess lines and featuring a

sweetheart neckline. With it, she wore a shoulder length veil of illusion net, fastened to a crown of matching lace, and carried a bouquet of white gladiolus and carnations.

Miss Mary Dalrymple, maid of honor for her sister, wore ballerina length two-tone turquoise crystalettes. Similarly gowned, the bridesmaid was Miss Barbara Pinckney, Freeport, Long Island; junior bridesmaid, Miss Linda Dalrymple.

Robin Noel, Philadelphia, served as best man; ushering were Edward Rice, Caracas, Venezuela;

Put 'Private Secretary' on List of Mother's Many Jobs

AMONG the list of jobs usually credited to the housewife, I've never yet seen "private secretary."

Yet the way children use the telephone and as much as they are gone from home, any mother with more than one school-age child often feels like a private secretary.

Before Junior hops in his hot rod he corners Mama and gives instruction on how his calls shall be handled in his absence.

"If Jim calls tell him I'm at Bob's and to come on over. If Bill calls tell him I'll take my car tonight if he can get a date for a movie. If Mr. Brown calls ask him if he wants me to work tomorrow."

If Sis is getting a crowd of her friends together, she never seems to manage to catch but a few of them at home. So she leaves her number, then takes off with a crowd. But before she goes, Mama has to be briefed on what to say to each person who calls back.

MESSANGER

AND when Mama isn't delivering messages for her children, she is taking messages from other mothers trying to track down their own children.

The telephone rings and rings and Mama stops her work to take and deliver messages.

If one call in 10 is for her, she feels like a belle.

And if she gets a message wrong or forgets to deliver one, her children look as though their whole social life has been threatened.

So, please, all of you who compile lists of the jobs that today's homemakers perform, don't forget "private secretary."

Warren Teachers Wed In Grove City Chapel

Harbison Chapel of Grove City College was the scene of the beautiful summer wedding of two Warren teachers at 4:30 p. m. August 10, when Miss Jean Spencer, daughter of Mr. and Mrs. L. F. Spencer, Mercer RD 6, became the bride of Kenneth Plimpton, son of Mrs. Frank Plimpton, Boston, Mass.

NORMAN F. VAN ORD

Rev. Wayne Furman, pastor of Trinity Methodist church of Oil City, officiated at the impressive rites. A musical of appropriate hymns was played by Margaret McCoy, organist, prior to the ceremony, and during the ceremony, L. E. Furman, Jamestown, N. Y., sang "The Lord's Prayer".

The bride, given in marriage by her father, was charming in a princess-styled waltz length gown of tulle designed with lace bodice, sabrina neckline trimmed with pearls and sequins, long pointed sleeves and bouffant skirt. Her shoulder length veil fell from a lace cap and her white Bible was overlaid with a white orchid.

Her only attendant and maid of honor was Miss Halcyon Sartwell, of Bethlehem, in a toast lace waltz length gown fashioned on princess lines, with three-quarter sleeves. With it she wore a matching Juliet cap and carried a colonial bouquet of yellow roses.

Philip Woodburg, Peterborough, N. H., was best man; Allen Spencer, Cleveland, and George Frits, Warren, ushered.

A reception followed at Crawford Hall with 75 guests attending. Aides were Mrs. Allen Spencer, Cleveland, and Margaret Ann Black, Karns City.

Following a wedding trip to the Poconos, Mr. and Mrs. Plimpton will live in New Ipswich, N. H., until the start of the fall term at Syracuse University, where he will complete work for his master's degree in Maxwell School.

Mrs. Plimpton was graduated from Grove City High School and College and has been some years teacher and guidance counselor in Warren High School.

Her husband, veteran of World War II, with part of his duty in Europe, was graduated from Keene, N. H., State Teachers' College and has done graduate work at Syracuse. For the past year, he has been a teacher at Jefferson School.

HOSPITAL AUXILIARY

A meeting of the sewing group of Warren General Hospital is scheduled for 1:30 p. m. Friday in the hospital library, when toys will be stuffed for the Auxiliary Gift Shop, and a large attendance is urged.

MYSTERY NOW SOLVED ON SEWING MACHINES

For many years there has been much talk about whose sewing machine is best. Many salesmen have peddled sewing machines "door to door" and in many instances the lady of the house found herself buying a high priced article which she didn't really want and many times couldn't afford to buy. Why? Because she didn't know how to say no.

Well, times have changed. Montgomery Ward has taken the mystery out of sewing machines and high prices. Ward's new machines are guaranteed until 1977. Montgomery Ward's will give you an honest value for an honest dollar. They have no fancy "trade-in gimmicks" and don't want your old junk or worn out sewing machines.

Montgomery Ward prices are not inflated for fancy "trade-in deals". All customers pay the same at Montgomery Ward. Montgomery Ward will sell you a full size Round Bobbin Portable Machine for only \$46.88 with a handsome carrying case. Ward's line of machines is complete and offers many styles of cabinets to choose from.

Montgomery Ward's swing needle zig zag is only \$99.95 and not \$199.95 like most nationally advertised zig zag machines, and not \$149.95 like most Private labeled zig zag machines.

Our advice to the lady contemplating a purchase of a new or used sewing machine is "don't buy until you have seen Montgomery Ward's machine, and had a demonstration." Montgomery Ward in Warren has a big promotion now in progress on sewing machines, so hurry to Montgomery Ward's and see the new sewing machine marvel at prices that you can afford to

"TO KNOW HOW TO GROW OLD IS THE MASTERWORK OF WISDOM"

—Author's Name Below—

Not so long ago there were fewer old folks because the average person who reached fifty was considered lucky. Now with an average life expectancy of about 70 years, there are many more people who are old in years but young in health.

There are two wise rules that will make your added years healthier. Always visit your physician at the first sign of any illness, and regularly take one of the geriatric vitamins that will supply the extra energy needed. For just a few cents per day you can get from us vitamins made by the dependable pharmaceutical firms who discovered and perfected them.

JUST PEACHY—Neighboring Georgia may steal the spotlight when it comes to peaches, but South Carolina turns out quite a beautiful crop, too. MUST BE THE HEAT

COOLING OFF!—In Frankfurt, Germany, one smart lad did it by swimming amid the big blocks of ice that were tossed into a pool to bring down the water temperature as the city sweltered, left. Pool attendants have been throwing in as many as 100 pieces of ice during the current heat wave.

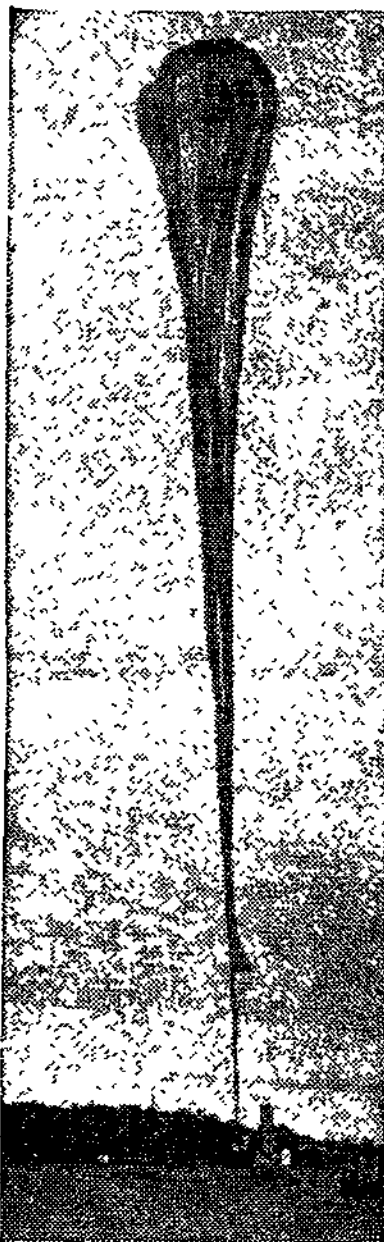

Things were not quite that drastic at Camp Zoro, Ind., where two very young members of the National Nudists' Convention head for pool of their own, right. Tots were "undressed" for comfort, as were all members attending convention, but they decided a cooling stream would be mighty comfortable.

COOLING HIS DOGS—Parking lot attendant John Rapp and his pet dogs seem to be dozing along the sidewalk in New York. They were taking advantage of a breeze blowing down 11th Avenue near 42nd Street. It looks like they all agree there's nothing better than a noontime siesta.

AT GREAT COST—This smoking elephant is Moni, a nightclub performer in Frankfurt, Germany. Equipped with a broomstick-sized holder, the big pachyderm puffs away during its act in which it also grunts an organ and "solves" mathematical problems. The jumbo star's owner is afraid that his prize pet might become a chain smoker; it would take a lot of tobacco—and a lot of money—to supply that demand.

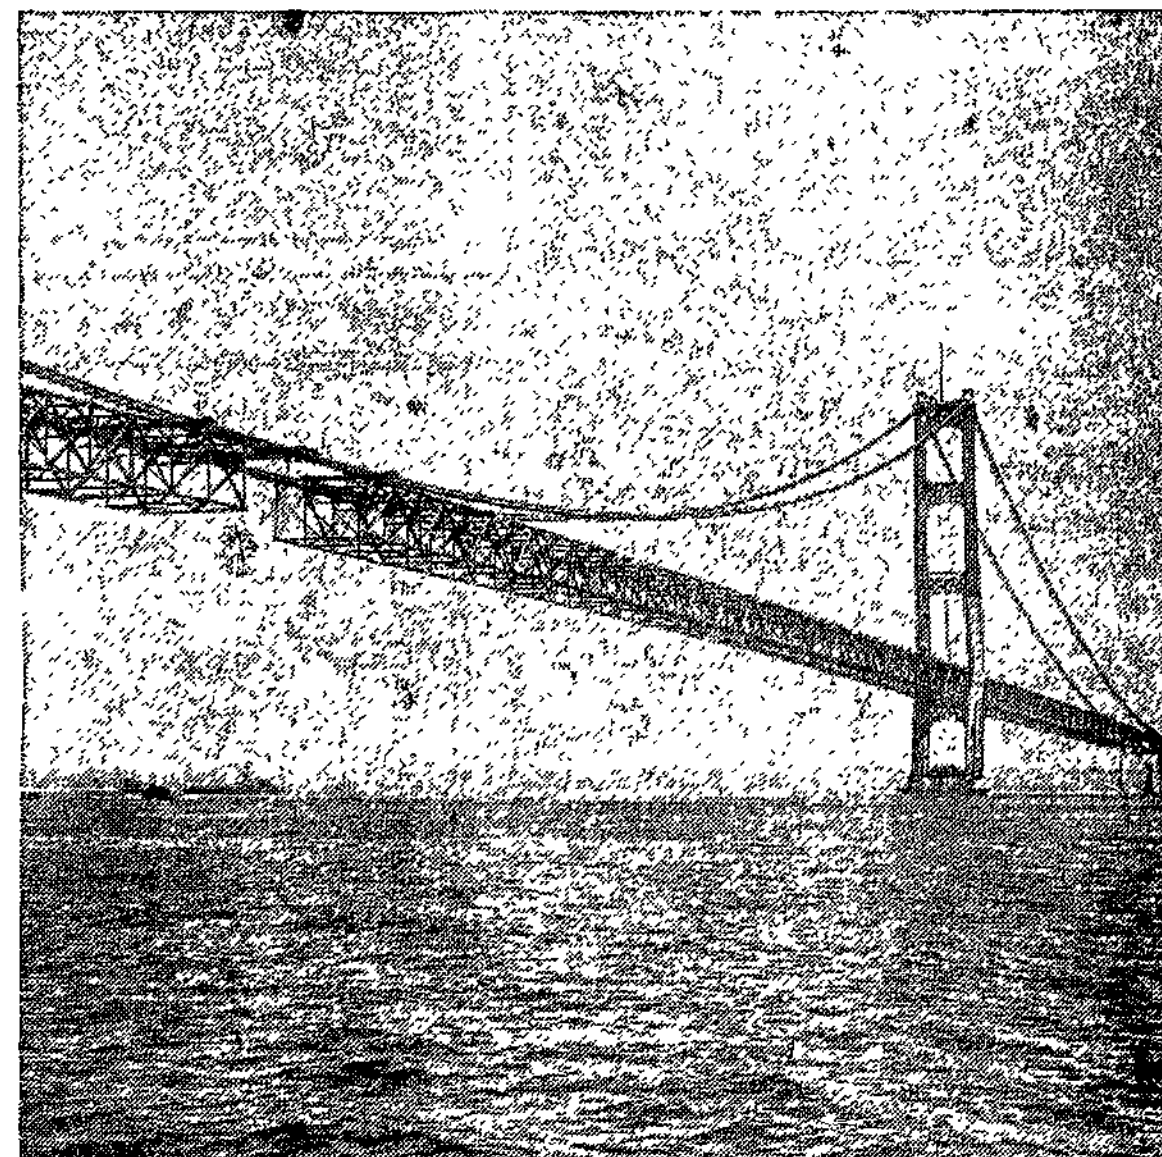

SPACE TRAVELER — The largest weather balloon ever released in New England is heading skyward more than 17 miles after release at Grenier Air Force Base in Manchester, N. H. The three million cubic foot capacity balloon reached 90,000 feet in less than two hours.

LUNG POWER—Young Allen Simmons, of Jamaica, N. Y., is wide-eyed with surprise as he concentrates on those soap bubbles. It's fun, but Allen knows a fellow needs a lot of breath and strong cheeks to get bubbles like he wants them.

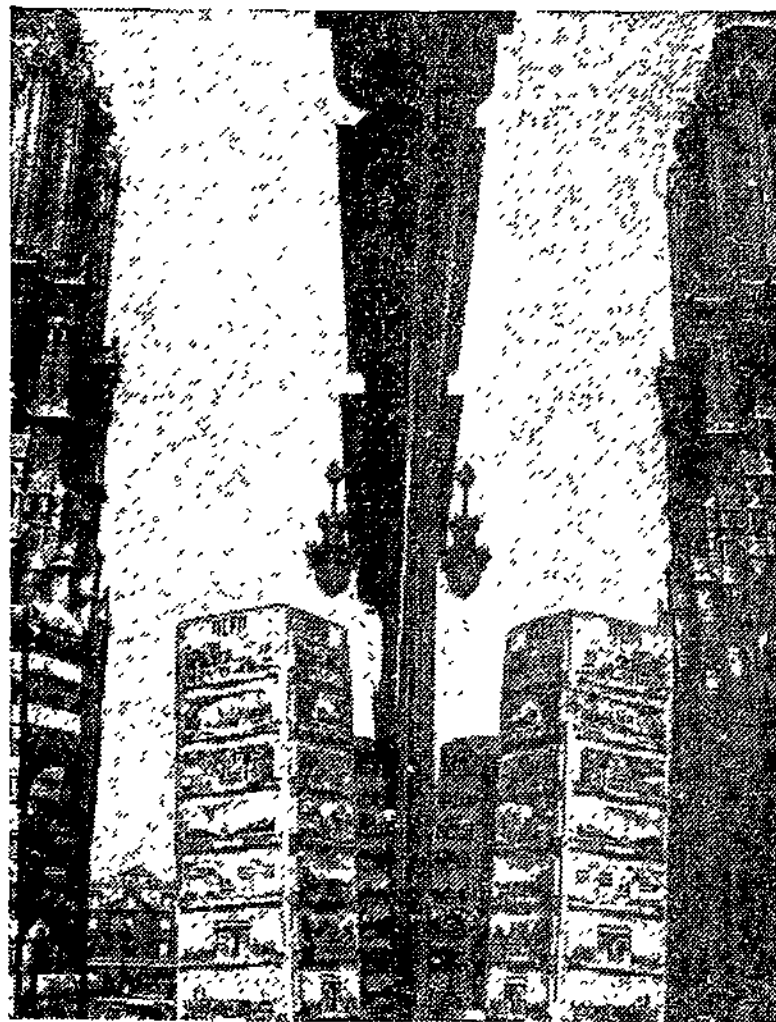

IN PROFILE—A rather aloof expression fills the face of this haughty Fallow Deer at Britain's famed zoo in Whipsnade. He proudly displays furry, sprouting antlers that are not yet sharp enough to give his enemies a painful prod. All he needs is a little time—and he's getting it.

LOTS OF WATER — Rapidly nearing completion, the five-mile-long, 100-million-dollar Mackinac Bridge sweeps over the Straits of Mackinac in Michigan. The span will link the state's upper and lower peninsulas, joining St. Ignace and Mackinaw City. The bridge is scheduled to be opened in November.

A TIMELY ATTRACTION—Paddling down a street in Neuhaus, Germany, this youth passes a movie house which was offering a timely feature for its patrons — who happened to be staying away. "Operation Pelican" is the movie advertised, but the entire village was under the sweltering sun, so it was strictly for the birds.

SEEING DOUBLE—Visitors to Paris who want to see everything they can, find a double portion at this spot. All they have to do is stand right here and enjoy the shop window reflections of Notre Dame Cathedral and a stack of picture postcards. Then, by merely removing their gaze from the glass they can turn around and see the real things, too.

THE MODERN WAY—These youngsters live on a dairy farm in Belleville, Wis., and their milk supply is always fresh—right out of the bottle. After William J. Fahey bought the farm, he discontinued dairying to rent the land on shares. His four children, left to right, Judy Ann, Billy, Denny and Joe are shown greeting milkman Maurice J. Short. He arrived during their outdoor breakfast on his thrice-weekly rounds.

Giants Decide to Relocate Franchise in San Francisco After 75 Years in New York

By JOE REICHLER
New York, (AP)—The Giants, after three quarters of a century in New York, have decided to relocate their baseball franchise in San Francisco.
The official move will come sometime between Oct. 1 and Oct. 31, the specified time for any such action.
The Giants are not expected to make the 3,000-mile trek across the country alone. In all likelihood their long-time rivals, the Brooklyn Dodgers will move to Los Angeles.
President Walter O'Malley of the Dodgers was not available for comment but an announcement regarding the Dodgers' intentions is expected sometime next week when the board of directors meets to consider a move to California.

Jamestown Drivers Steal Spotlight at State Line Track

A pair of Jamestown drivers stole the spotlight at State Line Speedway, near Busti Saturday night—but for vastly different reasons.
Joe Sauner took lead on the 12th lap of a 25-lap feature event and held it all the way, but as a crowd estimated at 2,000 filed out, the name of "Kenny Johnson" dominated post-race talk.
Johnson had taken the most spectacular spill of the season in the second semi-final, rolling first end-over-end and then sideways before his 1956 Ford came to rest three quarters upright against a pole. Sauner, who was right behind him, said later, "I drove right under him."
Kenny had won the first heat race and was leading the pack when his car flipped. He walked away with only a bruised knee and will be back in action this coming week-end.
Sauner went on to win the second semi—Jim Fiebelkorn of Randolph, had capped the first. Heat winners in addition to Johnson were John Walker, Jamestown, and Dean Layfield, Wellsville. Jamestown's Art Anderson snared honors in the consolation go, then ran fourth in the feature.
John McGinley of Chicago, was second and Jim Patrick, Conneaut, third.

Speaking of Sports ...

Thumpin' Ted Maniakos, general proprietor of the New York Restaurant and golf bug extraordinary, suffered the addition of a new furrow in his forehead, which now runs quite a ways back, over the weekend.
Playing No. 3 at Kinzua, Ted was suddenly struck in the back of the leg by something icy and cold as he entered the swale beside the rough off No. 4 fairway. Never taking time to look back, he nearly made an apple tree in his first leap before his partners called him back.
A spike on his shoes had nicked a water pipe just in the right place and sent a driving stream of water against his right leg and he was none the worse for the experience.
However, Les Sheldon, manager of the club made a hurried-up repair of the pipe to make sure his greens in that area are well watered for the Kinzua Tournament round of the National Doubles tournament.

Saratoga Springs, N. Y.—Pershing (\$16.40) won the feature at Saratoga.

A Wife's Hardest Job: Leave the Fighter Alone

BY MRS. PETER RADEMACHER
Written for NEA Service

GRANDVIEW, Wash.—(NEA)—When my husband started training for the fight that will make him the heavyweight champion of the world, Susan, our three-year-old daughter, asked me plaintively, "Mommy, do you think if we moved to another house Daddy would come live with us?"
Everything else—the planning, the money raising, even the fight itself—doesn't seem as difficult to me as the fact my husband doesn't come home at night.
When contracts were signed for Peter to fight Floyd Patterson at Seattle, Aug. 22, he immediately moved into a training camp at Lake Huston, a beautiful wooded spot 20 miles out of Columbus, which had been set up by the Tom Huston Peanut Company of Columbus.
Peter and Joe Gannon and George Chomeres, his trainers, and sparring partners moved out there and the first thing I wanted to know was why couldn't Peter live at home and why did he have to stay so far away and it seemed like I had a question about every phase of the training process.
FOR ME, THE JOB of learning how to be the wife of a fighter was harder than realizing my husband was to fight for the heavyweight title. I started in life as a girl who went to college for nursing, then married a boy who went into service. A fighter's wife was a mystery to me.
To begin with, I had to get used to the idea that any of the little problems a wife speaks to a husband about during a day had to be kept out of Peter's life. His mind must be entirely free to concentrate on the job of fighting Patterson and he can't do that if I tell him that Susan was naughty and the man at the garage said that the left back tire was getting slick.
At Columbus, Mike and Louise Jennings took me out and their maid did baby sitting and we had the use of a beautiful swimming pool at the home of Mike's mother, Mrs. Richard Jennings.
WHEN THE JENNINGSSES drove Susan and I out to watch Peter train, I began to notice my daughter has the idea there are two different people named Peter Rademacher. When she sees her father in person, he's "Daddy." But when she sees a fighting pose in one of our scrapbooks she calls him "Peter Rademacher."
Peter now is training at Issaquah, which is some distance from here. I'm spending most of the time before the fight visiting our relations in the Yakima Valley and waiting until I go to Seattle for what is going to be the biggest moment in our lives.
I'm less concerned about this fight than any Peter ever has been in. That's because he is in wonderful condition. As you know, he has fought as an amateur all his life and he still had to take care of his job and his family while at it so he never got into this kind of condition.
THIS WILL BE THE second professional bout I've ever seen. The first was the Don Cockell-Harry Matthews bout in Seattle a couple of years ago. But I have seen Peter box many times and it always is the same. Butterflies, butterflies and more butterflies.
I don't think I'll be nervous this time. This is a different kind of a fight. Peter doesn't have a manager. He is on salary as vice president of Youth Unlimited. All proceeds from the fight will go to him but to the corporation to aid in youth work. The fight is just the beginning for Youth Unlimited. Its projects will be: national in scope, with Columbus, which is our home now, as its headquarters.
NEXT: Even the Olympics surprised me.

Bustling 10-Round Draw Wins Perez And Bell New Try

New York (AP)—A bustling 10-round draw today earned Lulu Perez and Bobby Bell a return bout at St. Nicholas Arena, Sept. 9.
Matchmaker Teddy Brenner signed the two little men to a 132-pound contract as a reward for their good show in the telecast fight at St. Nick's last night.
Bell, who was outweighted 135½ to 128½, finished strong in the last two rounds to gain the even split.
Referee Peter Della had Bell of Youngstown, Ohio, ahead 5-4-1. Judge Mike Davidowitch had Perez, of Brooklyn, in front 7-3. Judge Leo Birnbaum had it even 5-5 in rounds and 6-6 in points. The AP card made it 6-4 for Perez.
The draw verdict was a good one as Lulu tired in the stretch and held often. Perez also hit low several times.
Neither fighter was satisfied with the verdict. Bell said "I thought I pulled it out in the last two rounds."
Perez said "I won it big. I had the fight won early."

New York (AP) — The bespectacled, grandmotherly little lady, pined today as her memories sped back over the decades.

"I guess all I have left now is memories," said Mrs. John McGraw sadly.

Mrs. McGraw is the widow of John Joseph McGraw, the Little Napoleon who ruled the New York Giants for 30 years.

Mrs. McGraw was upset when she found that the Giants Board of Directors had voted to move the franchise to San Francisco next year.

"It's one of the most tragic things that ever happened to me," she said. "I just can't imagine that I'll never again watch the Giants at the Polo Grounds. The Giants have been my life. Why, I don't know what I'll do with myself."

McGraw died in 1934. He led the Giants to 10 National League pennants and during his reign the rest of the league lived in mortal fear of them. The Giants of those days were like the New York Yankees of today.

Mrs. McGraw never forgot the club.

In the intervening years, she has taken her accustomed seat near the Giants' dugout in the Polo Grounds at least three times a week during home stands.

Patterson Tapering Off For His Brush With Olympic Star

By JACK HEWINS
Seattle (AP) — This is tapering-off day in the champion's camp as Floyd Patterson winds up training for a Thursday bout that manager Gus D'Amato calls the "most heavily publicized fight in 30 years."

"Not even the Dempsey-Tunney fights captured the interest of press and public as this one has," D'Amato said yesterday while strenuous training program in Kent, Wash.

National League Race Turns Into Weird Game of Roulette

By ED WILKS
The Associated Press

That's a weird game of Russian roulette, with a strange twist that Milwaukee, St. Louis and Brooklyn are playing in the National League pennant race. You're dead if you shoot a blank.

The Braves, even with a 6½-game lead, can't afford to ease off. The Cardinals, in second after their worst slump in a decade, can't afford anything less than a quick winning string. And for the third-place Dodgers it's Brooklyn against the world with nobody a pushover any more.

That's the picture as the West makes its final tour through the East this season — and its last stand at the Polo Grounds, where New York's Giants are starting to pack for the trip to San Francisco.

From the record, Milwaukee and St. Louis have the edge, with the best road records in the league. The Braves are tops at 36-21 (.632). The Cards are 33-21 (.600) but are at their best in the East. St. Louis stands 21-13 (.618) in the East while the Braves are 22-14 (.611).

The Dodgers, meanwhile, have the best home record in the league at 36-24 (.600) and are 21-14 (.600) against the Western clubs.

The Braves open their eight-game tour with their final game at Pittsburgh tonight.

The Cardinals open at the Polo Grounds with a two-nighter in a three-game set with the Giants, who have won 11 of their 14.

The Redlegs have a two-nighter at Ebbetts Field tonight. The Chicago Cubs play two at Philadelphia.

Matter of Fact

(From Page Four)

Or take, as example number three, the case of Sen. Stuart Symington of Missouri. When the House heavily cut the President's defense budget, the President vent on the air to say that to fail to restore a substantial part of the cut would mean taking a "fearful gamble" with the national security. Symington led the fight in the Senate, on the Democratic side, to get the President what he wanted, and largely succeeded.

Then, when the Senate-House conference on the defense budget met, Secretary of Defense Wilson and Budget Chief Brundage blandly informed the conference that the amount Symington had fought to restore was not really necessary after all. Symington, who has been much criticized back home as a heavy spender, thus had the rug neatly pulled out from under him. As a result, he is seriously considering voting against foreign military aid, for the first time in his Senate career.

These three examples—and more could be cited—should be enough to suggest why the Democratic majorities in Congress now take a special delight in defying the President on such issues as foreign aid. The President's threat to call a special session has further disgruntled the Democrats. "If His Majesty want to play it tough," one Democrat grimly remarked, "He'll find that His Majesty's loyal opposition can play pretty tough too."

Altogether, an ugly situation is developing. When the White House and the Congress are controlled by different parties there is always the danger of something worse than "uncertainty and confusion"—a kind of angry paralysis of the processes of government. That danger is now real, and it is to be hoped that the President recognizes it.

Goal of \$74,085 Adopted for 1957 Community Chest Drive

Publicity release from Community Chest Headquarters: A goal of \$74,085 has been adopted by the Warren Community Chest for its 1957 campaign on behalf of ten member agencies. This time high goal and the campaign dates of October 14 to October 21 were established yesterday afternoon at a meeting of the chest board of directors.

The figure, 11% higher than last year's goal of \$66,500, was adopted by the directors on recommendation of the Community Chest Budget Committee which for more than ten months has been meeting with Chest agencies and studying the needs of each organization.

Byron W. Knapp, budget committee chairman, told the Board that most of the Chest agencies required additional funds to carry on expanded services in the area and to meet steadily mounting operating costs. Before arriving at this recommendation, the budget committee made a study of actual costs and requirements for each participating agency.

The ten organizations who share in the Community Chest are: Boy Scouts Child Health Center; Children's Aid Society; Girl Scouts; Salvation Army; Warren Relief Association; Warren Visiting Nursing Association; Y.M.C.A.; Y.W.C.A. and United Defense Fund (U.S.O.).

The directors also heard an analysis of Community Chest campaigns for the past five years showing trends in local giving and revealing areas where improvement could be expected this year.

The 1957 Community Chest Board of directors includes Marion E. Pettigrew, president; Byron W. Knapp, 1st vice president; Chester S. Allen, 2nd vice president; N. D. Paterson, treasurer; W. E. Yeager, secretary; K. Earl Abel, Jr.; Paul E. Harrington; James H. Prantz; A. L. Rasmussen; R. J. Reed; Robert O. Wilder; Robert E. Dunham; Howard Lauffenberger; Holger N. Elmquist; and Mrs. Harold Baker.

Budget committee members were Messrs: Knapp, Elmquist, Harrington, and Dunham.

CANCER LIFE-LINE

Throughout the nation, Americans are learning vital facts about cancer. Through films, pamphlets, posters, exhibits and lectures, via newspapers, magazines, radio and television, the life-line of cancer education is reaching more and more men and women.

All of us are concerned with the major threat which cancer poses. Today, thousands of lives are being saved each year, but many more would be saved if people went to their doctors in time. This, and many other facts of life about cancer, are part of the education program which the American Cancer Society offers—at your community center or club, your church or school, your office or factory. For additional information, call the American Cancer Society office nearest you, or write to "Cancer" in care of your local Post Office.

Last week 6,785 youngsters visited through playgrounds. This is the lowest total for a full week this year, although the total was nearly 2,000 more than corresponding weeks of previous years. Interesting Story Riddle of Death Car

(From Page One)

competition, brings out the best in each citizen.

Frank declared that the banquet of Champions was even more colorful than the race itself. He was lucky enough to sit near the speaker's table and wholeheartedly enjoyed seeing and hearing his good friends, Roy Rogers, Dale Evans, Dinah Shore and George Montgomery and Jimmy Stewart. Ohio's Gov. O'Neil was on hand to greet the champs and Frank said that during the four day stay, they were never without a complete police escort and the Sheriff's car.

Frank, at the age of 14, marked this as the most wonderful day of his life, and when asked what he would say to future Soap Box Derby entrants, Frank's reply was, "I'd tell them to build to win."

"Work hard, construct a car you think will win and then improve on it many times over." "Never give up, and even though you don't bring back one of the official prizes, you come back with the satisfaction that you tried your very best and you are proud to have been associated with the Derby, and its many wonderful persons and good friends who made this event possible."

Frank had the right idea for from the distribution of entry blanks to the championship heat in the All-American Soap Box Derby exemplifies the spirit of co-operation in an event dedicated to the youth of America sponsored by the Chevrolet Motor Division, America's leading newspapers and fraternal groups.

In Warren, Frank thanks the Jaycee Derby Committeemen, Dan Dodge of Dan's Chevrolet, and especially the Times-Mirror for their part in making his four-day stay in Akron, Ohio the kind of day you never forget. get medical attention. Kuwaty went there just before appointing Gen. Afif Bizry, variously called a Communist and a confirmed pro-Communist, to head the Syrian army.

Beyond talking to Syria's neighbors, no American plan has jelled as yet for coping with probably the most determined bid yet by Moscow for the Middle East's people, oil and real estate.

Damascus (AP)—Syria today instructed its United Nations delegation to call the attention of the Security Council to a "serious threat to Middle East peace" stemming from an alleged American plot against the Syrian regime.

A Foreign Ministry spokesman said Syria did not demand any specific action by the Security Council.

Relations between Syria and the United States have been sagging steadily and reached a new low with Syria's announcement that the United States was behind a plot to oust President Shukri Kuwaty.

On the basis of this accusation, Syria last week ordered three members of the U. S. Embassy staff to leave the country.

Administrator of Port Of Erie Rotary Speaker

With the opening of the St. Lawrence Seaway, shipping through Erie will be the most economical means of ocean shipping, according to Joseph Martin, administrator of the Port Commission at Erie.

Speaking before the Warren Rotary Club, Mr. Martin stated that the port authority has acquired a dock, and it will be ready for 27 foot draft ocean going boats by the April 1, 1959 opening date of the Seaway. No one can quote rates until tolls are established, he noted. He admonished that Pennsylvanians have a vested interest in shipping through Erie, since part of the cost is being met by a state appropriation.

The next meeting of the Rotary club will be on Wednesday, August 28; a joint meeting with the Kiwanis and Lions clubs. There will be no meeting on Labor Day, September 2.

Directors and their wives will meet Thursday, August 22 at Howard Alexander's farm, for a dinner meeting.

Suspect in the Costello Shooting Is Arraigned

New York (AP)—A pudgy former boxer and small-time gambler faces arraignment today in Felony Court on a charge of attempted murder in the May 2 shooting of racketeer Frank Costello.

Vincent L. (The Chin) Gigante, 29, was charged last night, seven hours after he surrendered voluntarily at a police station. He was held overnight.

He had been sought by police because he roughly fits the description of a "fat man" placed at the scene of the assassination attempt nearly four months ago.

The shooting suspect was described as a 235-or 254-pounder, 30 to 35 years old, six feet tall, with heavy thighs and a pot belly, who wears a size 50 suit and waddles when he walks.

Gigante is 5 feet 11 and weighs 215 pounds.

Costello suffered "a superficial head wound in the bungled assassination attempt."

Knowland Set to Run For Gubernatorial Seat

By JACK BELL

Washington (AP)—Friends say Sen. Knowland (R-Calif) is all set to accept the challenge of Gov. Goodwin J. Knight to fight it out in next year's primary for the Republican nomination for governor of California.

Knowland was outwardly unperturbed by Knight's announcement in Sacramento yesterday that he is a candidate for renomination. Knowland also registered no public reaction to Knight's blast at those who Knight said would use the state office as a "pawn in the presidential contest." This remark was interpreted as aimed mainly at Knowland.

whether he had given Eisenhower any indication of when Congress might be able to adjourn.

Knowland replied that he doesn't "see how we can get out of here before the end of next week" in any event. He added there would have to be "some satisfactory breaks" in the civil rights situation "to get out of here by Aug. 31."

Then he went on to say that how long it might be necessary for Congress to stay on beyond Sept. 1 depends on what happens in the civil rights picture.

Martin said he would be willing to put off final congressional action until next year rather than accept the Senate version.

In discussing the possibility of compromise, Martin said he has seen no move in that direction "by these Southern-led Northern liberals." He declined to elaborate on that remark.
